EAF and Negative Declaration

Appendix A
State Environmental Quality Review
FULL ENVIRONMENTAL ASSESSMENT FORM

Purpose: The full EAF is designed to help applicants and agencies determine, in an orderly manner, whether a project or action may be significant. The question of whether an action may be significant is not always easy to answer. Frequently, there are aspects of a project that are subjective or unmeasurable. It is also understood that those who determine significance may have little or no formal knowledge of the environment or may not be technically expert in environmental analysis. In addition, many who have knowledge in one particular area may not be aware of the broader concerns affecting the question of significance.

The full EAF is intended to provide a method whereby applicants and agencies can be assured that the determination process has been orderly, comprehensive in nature, yet flexible enough to allow introduction of information to fit a project or action.

Full EAF Components: The full EAF is comprised of three parts:

Part 1: Provides objective data and information about a given project and its site. By identifying basic project data, it assists a reviewer in the analysis that takes place in Parts 2 and 3.

Part 2: Focuses on identifying the range of possible impacts that may occur from a project or action. It provides guidance as to whether an impact is likely to be considered small to moderate or whether it is a potentially-large impact. The form also identifies whether an impact can be mitigated or reduced.

Part 3: If any impact in Part 2 is identified as potentially-large, then Part 3 is used to evaluate whether or not the impact is actually important.

THIS AREA FOR LEAD AGENCY USE ONLY

DETERMINATION OF SIGNIFICANCE -- Type 1 and Unlisted Actions

Identify the Portions of EAF completed for this project: [X] Part 1 [X] Part 2 [ ] Part 3

Upon review of the information completed on this EAF (Parts 1 and 2 if appropriate), and any other supporting information, and considering both the magnitude and importance of each impact, it is reasonably determined by the lead agency that:

[X] A. The project will not result in any large and important impact(s) and, therefore, is one which will not have a significant impact on the environment, therefore a negative declaration will be prepared.

[ ] B. Although the project could have a significant effect on the environment, there will not be a significant effect for this Unlisted Action because the mitigation measures described in PART 3 have been required, therefore a CONDITIONED negative declaration will be prepared.*

[ ] C. The project may result in one or more large and important impacts that may have a significant impact on the environment, therefore a positive declaration will be prepared.

*A Conditioned Negative Declaration is only valid for Unlisted Actions

If the action is in the Coastal Area, and you are a state agency, complete the Coastal Assessment Form before proceeding with this assessment.
General Information (Read Carefully)

1. In completing the form the reviewer should be guided by the question: Have my responses and determinations been reasonable? The reviewer is not expected to be an expert environmental analyst.
2. The Examples provided are to assist the reviewer by showing types of impacts and wherever possible the threshold of magnitude that would trigger a response in column 2. The examples are generally applicable throughout the State and for most situations. But, for any specific project or site other examples and/or lower thresholds may be appropriate for a Potential Large Impact response, thus requiring evaluation in Part 3.
3. The impacts of each project, on each site, in each locality, will vary. Therefore, the examples are illustrative and have been offered as guidance. They do not constitute an exhaustive list of impacts and thresholds to answer each question.
4. In identifying impacts, consider long term, short term and cumulative effects.

Instructions (Read carefully)

- a. Answer each of the 20 questions in PART 2. Answer Yes if there will be any impact.
- b. Maybe answers should be considered as Yes answers.
- c. If answering Yes to a question then check the appropriate box (column 1 or 2) to indicate the potential size of the impact. If impact threshold equals or exceeds any example provided, check column 2. If impact will occur but threshold is lower than example, check column 1.
- d. Identifying that an impact will be potentially large (column 2) does not mean that it is also necessarily significant. Any large impact must be evaluated in PART 3 to determine significance. Identifying an impact in column 2 simply asks that it be looked at further.
- e. If reviewer has doubt about size of the impact then consider the impact as potentially large and proceed to PART 3.
- f. If a potentially large impact checked in column 2 can be mitigated by change(s) in the project to a small to moderate impact, also check the Yes box in column 3. A No response indicates that such a reduction is not possible. This must be explained in Part 3.

Impact on Land

1. Will the Proposed Action result in a physical change to the project site?

- **NO** [x]  
- **YES** [ ]

Examples that would apply to column 2

- Any construction on slopes of 15% or greater, (15 foot rise per 100 foot of length), or where the general slopes in the project area exceed 10%.
- Construction on land where the depth to the water table is less than 3 feet.
- Construction of paved parking area for 1,000 or more vehicles.
- Construction on land where bedrock is exposed or generally within 3 feet of existing ground surface.
- Construction that will continue for more than 1 year or involve more than one phase or stage.
- Excavation for mining purposes that would remove more than 1,000 tons of natural material (i.e., rock or soil) per year.

Yes [x]  
No [ ]
2. Will there be an effect to any unique or unusual land forms found on the site? (i.e., cliffs, dunes, geological formations, etc.)  
☐ NO ☑ YES  
- Specific land forms:

</thead>
<tbody>
<tr>
<td>☐ Yes ☑ No</td>
</tr>
</tbody>
</table>

3. Will Proposed Action affect any water body designated as protected?  
(Under Articles 15, 24, 25 of the Environmental Conservation Law, ECL)  
☑ NO ☐ YES  
- Examples that would apply to column 2  
  - Developable area of site contains a protected water body.  
  - Dredging more than 100 cubic yards of material from channel of a protected stream.  
  - Extension of utility distribution facilities through a protected water body.  
  - Construction in a designated freshwater or tidal wetland.  
- Other impacts:

| ☐ Yes ☑ No | ☐ Yes ☑ No | ☐ Yes ☑ No |

4. Will Proposed Action affect any non-protected existing or new body of water?  
☐ NO ☑ YES  
- Examples that would apply to column 2  
  - A 10% increase or decrease in the surface area of any body of water or more than a 10 acre increase or decrease.  
  - Construction of a body of water that exceeds 10 acres of surface area.  
- Other impacts:

| ☐ Yes ☑ No | ☐ Yes ☑ No | ☐ Yes ☑ No |
5. Will Proposed Action affect surface or groundwater quality or quantity?
   - NO
   - YES

Examples that would apply to column 2:
- Proposed Action will require a discharge permit.
- Proposed Action requires use of a source of water that does not have approval to serve proposed (project) action.
- Proposed Action requires water supply from wells with greater than 45 gallons per minute pumping capacity.
- Construction or operation causing any contamination of a water supply system.
- Proposed Action will adversely affect groundwater.
- Liquid effluent will be conveyed off the site to facilities which presently do not exist or have inadequate capacity.
- Proposed Action would use water in excess of 20,000 gallons per day.
- Proposed Action will likely cause siltation or other discharge into an existing body of water to the extent that there will be an obvious visual contrast to natural conditions.
- Proposed Action will require the storage of petroleum or chemical products greater than 1,100 gallons.
- Proposed Action will allow residential uses in areas without water and/or sewer services.
- Proposed Action locates commercial and/or industrial uses which may require new or expansion of existing waste treatment and/or storage facilities.
- Other impacts:
- Removal of any portion of a critical or significant wildlife habitat.  
  - Application of pesticide or herbicide more than twice a year, other than for agricultural purposes.  
  - Other impacts:

9. Will Proposed Action substantially affect non-threatened or non-endangered species?  
   **[ ]** NO  
   **[ ]** YES

Examples that would apply to column 2:  
- Proposed Action would substantially interfere with any resident or migratory fish, shellfish or wildlife species.  
- Proposed Action requires the removal of more than 10 acres of mature forest (over 100 years of age) or other locally important vegetation.  
- Other impacts:

---

**IMPACT ON AGRICULTURAL LAND RESOURCES**

10. Will Proposed Action affect agricultural land resources?  
   **[ ]** NO  
   **[ ]** YES

Examples that would apply to column 2:  
- The Proposed Action would sever, cross or limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc.)  
- Construction activity would excavate or compact the soil profile of agricultural land.  
- The Proposed Action would irreversibly convert more than 10 acres of agricultural land or, if located in an Agricultural District, more than 2.5 acres of agricultural land.
The Proposed Action would disrupt or prevent installation of agricultural land management systems (e.g., subsurface drain lines, outlet ditches, strip cropping); or create a need for such measures (e.g. cause a farm field to drain poorly due to increased runoff).

Other impacts:

**IMPACT ON AESTHETIC RESOURCES**

11. Will Proposed Action affect aesthetic resources? (If necessary, use the Visual EAF Addendum in Section 817.20, Appendix B.)

<table>

Examples that would apply to column 2

- Proposed land uses, or project components obviously different from or in sharp contrast to current surrounding land use patterns, whether man-made or natural.
- Proposed land uses, or project components visible to users of aesthetic resources which will eliminate or significantly reduce their enjoyment of the aesthetic qualities of that resource.
- Project components that will result in the elimination or significant screening of scenic views known to be important to the area.

Other impacts:

**IMPACT ON HISTORIC AND ARCHAEOLOGICAL RESOURCES**

12. Will Proposed Action impact any site or structure of historic, prehistoric or paleontological importance?

Examples that would apply to column 2

- Proposed Action occurring wholly or partially within or substantially contiguous to any facility or site listed on the State or National Register of historic places.
- Any impact to an archaeological site or fossil bed located within the project site.
- Proposed Action will occur in an area designated as sensitive for archaeological sites on the NYS Site Inventory.
### IMPACT ON OPEN SPACE AND RECREATION

13. Will proposed Action affect the quantity or quality of existing or future open spaces or recreational opportunities?

- **Examples that would apply to column 2**
  - The permanent foreclosure of a future recreational opportunity.
  - A major reduction of an open space important to the community.
  - Other impacts:

### IMPACT ON CRITICAL ENVIRONMENTAL AREAS

14. Will Proposed Action impact the exceptional or unique characteristics of a critical environmental area (CEA) established pursuant to subdivision 6NYCRR 817.14(g)?

- **Examples that would apply to column 2**
  - Proposed Action to locate within the CEA?
  - Proposed Action will result in a reduction in the quantity of the resource?
  - Proposed Action will result in a reduction in the quality of the resource?
  - Proposed Action will impact the use, function or enjoyment of the resource?
  - Other impacts:
### IMPACT ON TRANSPORTATION

15. Will there be an effect to existing transportation systems?

- Blasting within 1,500 feet of a hospital, school or other sensitive facility.
  - [ ] Yes [ ] No
- Odors will occur routinely (more than one hour per day).
  - [ ] Yes [ ] No
- Proposed Action will produce operating noise exceeding the local ambient noise levels for noise outside of structures.
  - [ ] Yes [ ] No
- Proposed Action will remove natural barriers that would act as a noise screen.
  - [ ] Yes [ ] No
- Other impacts:
  - [ ] Yes [ ] No
### IMPACT ON PUBLIC HEALTH

18. Will Proposed Action affect public health and safety?

- Proposed Action may cause a risk of explosion or release of hazardous substances (i.e. oil, pesticides, chemicals, radiation, etc.) in the event of accident or upset conditions, or there may be a chronic low level discharge or emission.

- Proposed Action may result in the burial of "hazardous wastes" in any form (i.e. toxic, poisonous, highly reactive, radioactive, irritating, infectious, etc.)

- Storage facilities for one million or more gallons of liquefied natural gas or other flammable liquids.

- Proposed Action may result in the excavation or other disturbance within 2,000 feet of a site used for the disposal of solid or hazardous waste.

- Other impacts:

### IMPACT ON GROWTH AND CHARACTER OF COMMUNITY OR NEIGHBORHOOD

19. Will Proposed Action affect the character of the existing community?

- Examples that would apply to column 2
  - The permanent population of the city, town or village in which the project is located is likely to grow by more than 5%.
  - The municipal budget for capital expenditures or operating services will increase by more than 5% per year as a result of this project.
  - Proposed Action will conflict with officially adopted plans or goals.
  - Proposed Action will cause a change in the density of land use.
  - Proposed Action will replace or eliminate existing facilities, structures or areas of historic importance to the community.
  - Development will create a demand for additional community services (e.g. schools, police and fire, etc.)

If Any Action in Part 2 is Identified as a Potential Large Impact or if you Cannot Determine the Magnitude of Impact, Proceed to Part 3
Part 3 - EVALUATION OF THE IMPORTANCE OF IMPACTS

Responsibility of Lead Agency

Part 3 must be prepared if one or more impact(s) is considered to be potentially large, even if the impact(s) may be mitigated.

Instructions (If you need more space, attach additional sheets)

Discuss the following for each impact identified in Column 2 of Part 2:

1. Briefly describe the impact.

2. Describe (if applicable) how the impact could be mitigated or reduced to a small to moderate impact by project change(s).

3. Based on the information available, decide if it is reasonable to conclude that this impact is important.

To answer the question of importance, consider:

- The probability of the impact occurring
- The duration of the impact
- Its irreversibility, including permanently lost resources of value
- Whether the impact can or will be controlled
- The regional consequence of the impact
- Its potential divergence from local needs and goals
- Whether known objections to the project relate to this impact.

PART III - DETERMINATION OF SIGNIFICANCE (To be completed by Agency)

INSTRUCTIONS: For each adverse effect identified above, determine whether it is substantial, large, important or otherwise significant. Each effect should be assessed in connection with its (a) setting (i.e. urban or rural); (b) probability of occurring; (c) duration; (d) irreversibility; (e) geographic scope; and (f) magnitude. If necessary, add attachments or reference supporting materials. Ensure that explanations contain sufficient detail to show that all relevant adverse impacts have been identified and adequately addressed. If question D of Part II was checked yes, the determination of significance must evaluate the potential impact of the proposed action on the environmental characteristics of the CEA.

[ ] Check this box if you have identified one or more potentially large or significant adverse impacts which MAY occur. Then proceed directly to the FULL EAF and/or prepare a positive declaration.

[ ] Check this box if you have determined, based on the information and analysis above and any supporting documentation, that the proposed action WILL NOT result in any significant adverse environmental impacts AND provide, on attachments as necessary, the reasons supporting this determination.

Chapter 165, PAWN SHOPS AND SECONDHAND DEALERS

§ 165-1. Definitions.

As used in this chapter, the following terms shall have the meanings indicated:
SECONDHAND DEALER -- Any person or company which engages in the business of purchasing, selling or otherwise dealing in, whether as a principal or an agent, secondhand articles of precious metals, jewelry, electronic devices, hand or power tools and/or firearms. Pawnbrokers, precious metals dealers and transient merchants, for the purposes of this chapter, shall be classified as secondhand dealers.
SECONDHAND PROPERTY -- Any precious metals, jewelry, electronic devices, hand or power tools or firearms which are not new which have been previously sold or offered for sale, including but not limited to watches, rings and all other jewelry and firearms.

§ 165-2. Exemptions.

A. Dealers in secondhand or used motor vehicles, used clothing, used books and used furniture are exempt from the provisions of this chapter.
B. Thrift shops and similar secondhand stores, operated by bona fide religious or charitable organizations, are exempted from the provisions of this chapter.

§ 165-3. Records and reports.

A. Each secondhand dealer shall maintain, for a period of one year following the purchase of secondhand property, the following records concerning the seller of such secondhand property:
   (1) Full name.
   (2) Residence address.
   (3) Home telephone number.
   (4) Place of employment.
   (5) Business telephone number.
   (6) Age.
   (7) Sex of each person from whom the secondhand property is purchased.
   (8) The signature of the seller.
   (9) The driver's license number of the seller or the number from another form of identification issued by a governmental agency.
B. Each secondhand dealer shall maintain a specific description of the secondhand property item, on a form provided by the Police Department, which description is accurate and as reasonably complete as the nature of the item permits. The description of the secondhand property item shall include, but not be limited to:
   (1) The type of item purchased.
   (2) The substance of which the item is made.
   (3) The name of the manufacturing company where the item was made, if that can be determined.
   (4) Any permanent initialing or marking on the secondhand property item, including
any brand, monogram or hallmark, or serial number.
(5) The quantity of the secondhand property purchased.
(6) The date of the purchase.
(7) The amount paid by the dealer for the item.
C. A copy of the records of any purchase of secondhand property shall be immediately available at the request of the Police Department.

§ 165-4. Holding period.

Each secondhand dealer shall retain possession of any secondhand property purchased by that dealer in an unaltered condition for a period of 15 calendar days following the purchase. However, this section may not be interpreted to limit the right of the secondhand dealer to transfer ownership of the secondhand property before the end of the fifteen-day holding period, as long as the dealer retains physical possession of the secondhand property for the remainder of the fifteen-day holding period. Further, this section shall not prevent secondhand dealers from allowing the true owner of an article of secondhand property to redeem, repurchase or recover the article at any time within the fifteen-day holding period.

§ 165-5. Purchase of secondhand property from certain persons prohibited.

No secondhand dealer may purchase any secondhand property from any intoxicated person, any person under the age of 18 years or any person providing obviously false information pursuant to § 165-3.

§ 165-6. Hours of business.

No secondhand dealer shall have his or her shop or store open for the transaction of business nor shall he or she purchase any used precious metals, jewelry, electronic devices, hand and power tools or firearms from persons other than other licensed dealers between the hours of 10:00 p.m. and 7:00 a.m.

§ 165-7. Inspection of records and premises of secondhand dealers.

A. The premises and required records of each secondhand dealer may be inspected during regular business hours at least once every month by the Chief of Police or the Chief's designee.
B. The examination permitted by Subsection A above may include an examination of both the stock and the required records to determine that the records are being maintained as set forth by § 165-3 and that the secondhand dealer is complying with the holding period required by § 165-4.

§ 165-8. License required.

A. Secondhand dealers, including precious metals dealers, pawnbrokers and transient merchants, shall pay to the Village Clerk an annual license fee of $100, before engaging in business. Persons dealing primarily in new property and licensed by the
Village as such dealers shall not be required to pay the additional license fee required by this section, but shall abide by all other provisions of this chapter.

§ 165-9. Issuing authority; fees; age restrictions.

A. The Village Clerk is authorized to issue a license to carry on the business of soliciting, buying and dealing in used precious metals, jewelry, electronic devices, hand and power tools or firearms, upon payment to the Village of the sum of $100. A license is valid for the calendar year for which issued. No used precious metals license will be issued to any person under the age of 18.

§ 165-10. Application procedure for license.

Every person wishing to obtain a license shall file with the Village Clerk an application, supplied by that office, containing the following information:

A. The name and description of the applicant. Individuals operating under a trade name shall present a certified copy of the trade name certificate. A partnership conducting a business, whether or not under a trade name, shall submit a photostatic copy of the partnership certificate; a corporation shall furnish a photostatic copy of its certificate of incorporation.

B. A statement as to whether or not the applicant has within the past 10 years been convicted of any crime or violation of any municipal ordinance.

C. The name and address of the owner or owners of the business premises where the secondhand dealer conducts business.

D. A corporate applicant shall furnish the name, address and title of the officers of the corporation or the designated agent of service upon whom process or other legal notice may be served.

§ 165-11. Revocation or suspension of license.

A. The Village Clerk may, in his or her discretion, after notice to the licensee and an opportunity for a prompt hearing before the Village Clerk, suspend or revoke a license granted under this chapter for cause. No refund of the unearned portion of the license fee shall be made.

B. Notice to the licensee by personal service or by certified mail at the address set forth on the application is sufficient notice for the purpose of this section.

§ 165-12. Penalties for offenses.

Any person, firm, association or corporation or other legal entity who violates any of the provisions of this chapter shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine not to exceed $500 or imprisonment not to exceed 60 days, or both.
